

THE SET SCHOOL Newsletter

Message

“As Managing Trustee of Saran Educational Trust (SET), it gives me great pleasure to apprise my seniors, friends and well-wishers that The SET School, which initially began operations with imparting education to eight students in 1998, has Alhamdulillah reached a total count of 690 students. During this period, the Trust established three campuses, including a purpose-built campus in Gwalior Society along the Super Highway. We plan to expand it further to accommodate more students.

We believe that every child should receive quality education and at an affordable price. The SET School's Alumni is receiving education in professional institutes. Thus we also believe in transforming lives through education.

With the aim of strengthening the trust as an institution, greater attention is being given to fulfilling all the legal requirements, registering from all the relevant government bodies, formulating policies in line with the school's operational needs. Efforts are also being made to increase the donor-base by bringing institutional donors on board. An endowment fund has also been formed.

I would like to emphasize that it is our collective responsibility to support this noble cause by donating time, ideas and funds generously.”

Sadiq Hussain
Managing Trustee
Saran Educational Trust

We are proud to announce!

- In the SSC Examinations 2017, out of 24 students, 9 received A-1 grade, 6 received A and 5 received B grade.

Throughout the year, our teachers actively participate in teacher-training workshops organized by Agha Khan (IED), PTAN, EdLab, LearnTech.

Percentage-wise distribution of teachers with respect to their qualifications is illustrated below.

Total student strength

690

Tribute

A Valuable Contribution

Ms Saeeda Waheed has been working for the SET School for the past 13 years and has made valuable contributions to the School, especially the Montessori section. She was given the task to set up the Pre-school section at the North East campus. This is SET School's purpose-built facility situated in the Gwalior Society on the Super Highway. "I've set up the section according to the Montessori rules. Though I also served in other areas of the SET School, I endeavored to develop the Montessori segments to perfection, actualizing the Montessori system's principles and directions. I monitored each area carefully to position it to the right track. The strategies utilized are EPL, Sensorial, Culture and Academy."

Ms Saeeda believes that it is important to strengthen a child's academic concepts, but it is also important to groom the child socially and morally. To achieve this, teacher should be thoroughly trained in the Montessori system, she says.

SET Financials

Current average monthly fee revenue	Rs1.4 million
Current average monthly expense	Rs 3.0 million
Current average monthly amount to be raised through donations	Rs 1.6 million

About the Trust

Saran Educational Trust (SET) was founded in 1998 with the aim of establishing a network of not-for-profit schools in Karachi to provide quality education at an affordable charge. The school is spread over three campuses catering to 690 students.

SET has managed to sustain its mission for almost 20 years thanks to the generosity and support of its friends and well-wishers. However, in common with all comparable organizations, SET has a constant need for donations to sustain its mission.

Donations are gratefully accepted in cash or in kind. All donations are acknowledged by an official receipt. The donors should convey their name and address along with their donations. Cash donations should be made by crossed cheque, payable to "Saran Educational Trust" and forwarded to.
